One NV Transportation Plan

- **Enhance Safety**
- **Preserve Infrastructure**
- **Optimize Mobility**
- **Transform Economies**
- **Foster Sustainability**
- **and Connect Communities**

- The One Nevada planning process helps the NDOT meet current and future transportation needs.
- One Nevada provides a foundation for making more informed, data-driven, transparent, and responsive transportation investment decisions.
- One Nevada is built on the following six critical goals.

Depending on funding and collaboration with other agencies, full project development process may take 10+ years
