BENEFITS OF LICENSING

Not only does a dog license provide proof of ownership, it also helps get your dog reunited with you if they ever become lost. Every year hundreds of dogs are reunited with their owners because they were licensed. License fees also help fund local animal welfare initiatives in the community.

MICROCHIPS

- Washoe County Regional Animal Services believes that microchipping is your pet's best chance of being returned home should it ever become lost or stolen
- Microchipped pets can be scanned in the field and returned to their owners without ever having to be brought into the shelter.
- All pets are scanned in the field for microchips before being brought into the shelter. Our Officers make every attempt to reunite pets with their owners.
