Traffic Calming and Speed Control

- All roadways – every citizen has a duty to be mindful of speeds and safety.
- State Routes – NDOT District 2 775-834-8300
 - SR431(Mt. Rose Highway) and SR28 (Tahoe Boulevard)
- Local Roadways – Washoe 311
 - Traffic Calming policy
 - Speed humps, radar feedback signs, speed limit, etc.
 - Washoe County Citizen Traffic request form
 - https://www.washoecounty.gov/csd/engineering_capitalprojects/index.php
 - Traffic and roadway engineering – report a traffic concern
 - Washoe County Sheriff's Office
 - Incline Substation administration 775-832-4107

December 10, 2019 – Board of County Commissioner adopted the new policy

- The goal of the policy is to provide Washoe County residents with a straightforward process for requesting traffic calming or traffic engineering/operational measures related to speeding, pedestrian and driver safety and traffic volumes.
- Policy provides a deliberate and consistent method to evaluate requests from Washoe County residents with a straightforward process to evaluate traffic calming or traffic engineering/operational measures related to speeding, pedestrian and driver safety and traffic, focusing on safety of all roadway users.

Safety is of prime importance not only for the roadway users but also for the engineers, planners and decision makers. By incorporating best practices into the design, operation and maintenance of Washoe County's road network we can make a difference.

**Traffic Request Form
can be requested from
Washoe 311. When
complete email to
engineering@washoecounty.gov**
