We want to talk about the river. It's high and cold. He advised the public to stay out of the water. It will sweep you away rapidly, and it could cause hypothermia. If you are entering the river, go in a group, tell someone where you have entered, and plan to exit. Stay hydrated. He said we are continuing to prepare for fire season. There is a lot of cheatgrass. Open Burning closed May 1, and won't be opened until Fall. The chipping/green waste program was successful and will continue in the Fall.

Heidi S. asked if you get that many medical calls in the month with these demographics with anticipated apartments coming in, will one ambulance be enough to sustain Sun Valley?
