(d) *If the information set forth in paragraph (b) of subsection 4 of NRS 350.014 indicates that the proposal would result in a combined property tax rate in any of the overlapping entities within the county which exceeds the specified percentage, pursuant to subsection 1 of NRS 350.0155, of the limit provided in NRS 361.453:*

(1) *The public need to be served by the proceeds from the proposed debt or tax levy in accordance with the priorities established pursuant to subsection 2 of NRS 350.0155; and*

C. Property Tax Limitations

Article X, Section 2, of the Constitution of the State of Nevada limits the total ad valorem property taxes levied by all overlapping governmental units within the boundaries of any county (i.e., the State, and any county, city, town, school district or special district) to an amount not to exceed five cents per dollar of assessed valuation (\$5 per \$100 of assessed valuation) of the property being taxed. Further, the combined overlapping tax rate is limited by a statute to \$3.64 per \$100 assessed valuation in all counties of the State with certain exceptions that (a) permit a combined overlapping tax rate of up to \$5.00 per \$100 in assessed valuation in the case of certain entities that are in financial difficulties; and (b) require that \$0.02 of the statewide property tax rate of \$0.17 per \$100 assessed valuation is not included in computing compliance with this \$3.64 cap. (This \$0.02 is, however, counted against the \$5.00 cap). It should be noted that State statutes provide a priority for taxes levied for the payment of general obligation bonded indebtedness in that in any year in which the proposed tax rate to be levied by overlapping units within a county exceeds any rate limitation, a reduction must be made by those units for purposes other than the payment of general obligation bonded indebtedness, including interest thereon.

D. Effect on the City's or Other Governments' Ability to Raise Revenue for Operating Purposes

State statutes limit the revenues local governments may receive from ad valorem property taxes for purposes other than paying certain general obligation indebtedness which is exempt from such ad valorem revenue limits. This rate is generally limited as follows: the assessed value of property is first differentiated between that for property existing on the assessment rolls in the prior year (old property) and new property. Second, the property tax revenue derived in the prior year is increased by no more than 6% and the tax rate to generate the increase is determined against the current assessed value of the old property. Finally, this tax rate is applied against all taxable property to produce the allowable property tax revenues. This cap operates to limit property tax revenue dependent upon changes in the value of old property and the growth and value of new property.

Pursuant to State statute, school districts levy \$0.75 per \$100 of assessed valuation for operating purposes. School districts are also allowed additional levies for voter approved debt service and voter-approved tax overrides for capital projects.

It is the City's intent to pay the debt service on the Proposed Bonds with the City's Net Pledged Revenues, therefore, the City's proposal should not affect the City's or other governments' ability to levy property taxes for operating purposes.

E. Contingent Tax Rate Liability

The City intends to pay the debt service requirements on the Proposed Bonds using Net Pledged Revenues and not to levy a general ad valorem tax. In the event the City's Proposed Bonds were to be wholly supported by general ad valorem property taxes, the required rate per \$100 of assessed valuation based upon the assessed valuation for fiscal year 2022 of \$10,111,719,650 (excluding the assessed valuation for the Reno Increment District and the Reno Redevelopment Agency), to support the outstanding and proposed bonds' estimated maximum annual general obligation principal and interest requirements (\$5,817,963 in fiscal year 2023) would be \$0.00057.

SECTION 3. ADDITIONAL POSSIBLE GENERAL OBLIGATION INDEBTEDNESS OR OVERRIDES BY OVERLAPPING ENTITIES

NRS 350.015 (1.c.) The anticipated need for other incurrences of debt, installment-purchase agreements or levies of special elective taxes by the municipality proposing to incur the debt, enter the installment-purchase agreement or levy the special elective tax and other municipalities whose tax-levying powers overlap, as shown by the county or regional master plan, if any, and by other available information.

Subsection 1 of NRS 350.0035 requires that each municipality which proposes to issue general obligation bonds or has outstanding any general obligation debt submit to the DMC, among others, a statement of current and contemplated debt. Discussed below are proposals for which authorization proceedings have been initiated.

1. **Washoe County** - Washoe County reserves the privilege of issuing general obligation or special assessment district bonds at any time legal requirements are met.
Source: Christine Vuletich - Chief Financial Officer, Washoe County

2. **Washoe County School District** - The Washoe County School District (The “District”) plans to issue refunding and new money bonds in March 2022. The District’s remaining DMC authorization of \$49,220,000 will be utilized in this sale. Preliminary planning by the District and discussions of future capital needs indicate the need to issue additional bonds and seek additional authorization in the short-to intermediate-term. However, requests for authorization for additional bonds sales have not yet been presented to the District’s Board of Trustees.

SECTION 4. PUBLIC NEED TO BE SERVED BY THE BOND PROCEEDS COMPARED TO OTHER PUBLIC NEEDS

NRS 350.015 (1.d.) If the information set forth in paragraph (b) of subsection 4 of NRS 350.014 indicates that the proposal would result in a combined property tax rate in any of the overlapping entities within the county which exceeds the specified percentage, pursuant to subsection 1 of NRS 350.0155, of the limit provided in NRS 361.453:

(1) The public need to be served by the proceeds from the proposed debt or tax levy in accordance with the priorities established pursuant to subsection 2 of NRS 350.0155; and

(2) A comparison of that public need and other public needs that appear on the statements of current and contemplated general obligation debt and special elective taxes submitted pursuant to paragraphs (a) and (b) of subsection 1 of NRS 350.013 that may affect the combined property tax rate in any of the overlapping entities within the county.

The DMC shall not consider the public purpose of the proposal unless the proposal would result in a combined property tax rate greater than \$3.2760. As described earlier, the City's proposal is not expected to result in any change to the property tax rate.

NRS 350.0135 Proposal resulting in increase of rate of property taxes: Determination and notification of affected governmental entities by municipality; approval or objection by affected governmental entity; notification of commission of objection; resolution of conflict by commission; establishment of related methods and procedures by commission; exception.

1. Before a municipality may submit to the commission a proposal that will result in an increase in the rate of property taxes, the municipality shall:

(a) Determine whether there is an affected governmental entity; and

(b) If there is an affected governmental entity, provide written notification to the affected governmental entity.

2. A notification sent pursuant to subsection 1 must include, without limitation, a description of:

(a) The proposal and the estimated amount the proposal would increase property taxes; and

(b) The potential effect of the increase on the entity.

3. The governing body of an entity that receives a notification pursuant to subsection 1 shall, by resolution, approve or object to the proposal described in the notice. If the entity approves the proposal, the entity must state in the resolution approving the proposal that the entity has no intent to levy property taxes which, if combined with the increase proposed in the proposal, would cause the combined property tax rate for the area containing the municipality and the entity to exceed the limitation on property taxes set forth in NRS 361.453.

4. If an entity objects to a proposal pursuant to subsection 3, the municipality which provided notice pursuant to subsection 1 shall provide the commission with notification in writing of the objection and the entity's reasons for objecting when submitting the proposal to the commission pursuant to NRS 350.014.

5. If the commission receives a proposal to which an objection has been raised pursuant to subsection 3, the commission shall resolve any conflict between the municipality and the entity over the use of the remaining allowable increase in property taxes and determine whether to approve, in whole or in part, or reject the increase in property taxes set forth in the proposal.

6. In resolving a conflict pursuant to subsection 5, the commission may impose:

(a) A condition or provision described in subsection 2 of NRS 350.0145; and

(b) A condition that:

(1) The amount of the general obligation debt proposed to be imposed must be reduced;

(2) The rate of the special elective tax must be reduced; or

(3) Both subparagraphs (1) and (2).

7. The commission may establish:

(a) A method for resolving conflicts over the unlevied amount of property taxes that may be levied pursuant to NRS 354.59811;

(b) A method for determining the highest and best use of the unlevied amount of property taxes that may be levied pursuant to NRS 354.59811, which must be based upon a comparison of the public needs to be served by the proceeds from the proposed debt or tax levy in a proposal submitted pursuant to NRS 350.014 and the public needs to be served by other possible debts or tax levies by other municipalities whose tax-levying powers overlap; and

(c) A procedure for allowing a municipality that does not levy the maximum amount of property taxes which it may levy pursuant to NRS 354.59811 to reserve a percentage of the remaining allowable increase of property taxes for use in the future and a procedure for determining whether to grant such a reservation. If established, such procedures must:

(1) Allow all municipalities whose tax-levying powers may be affected by such a reservation to enter objections to such a reservation; and

(2) Provide a method for resolving conflicts over the remaining allowable increase of property taxes between municipalities whose tax-levying powers overlap, which must be based upon the highest and best use for the remaining allowable increase of property taxes.

8. This section does not apply to any proposal that is not expected to result in an increase in the rate of property taxes in any jurisdiction.

9. As used in this section:

(a) "Affected governmental entity" means a governmental entity:

(1) That has territory which overlaps the territory of the municipality proposing the special elective tax or general obligation debt;

(2) That is currently not levying the maximum rate of property taxes which it may levy pursuant to NRS 354.59811; and

(3) For which the total combined tax rate levied on the overlapping territory would exceed the limit set forth in NRS 361.453 if the current combined tax rate levied on the overlapping territory is added to:

(I) The tax rate projected for the special elective tax or general obligation debt being proposed by the municipality; and

(II) The unlevied amount of property taxes that currently may be levied by the governmental entity pursuant to NRS 354.59811.

(b) "Remaining allowable increase of property taxes" means the difference between the tax rate allowed for a municipality in the current fiscal year pursuant to NRS 354.59811 minus the tax rate levied by the municipality in the current fiscal year.

(Added to NRS by 2001, 878)

NRS 350.014 Approval or notification of commission required for certain proposals.

1. Before any proposal to incur a general obligation debt or levy a special elective tax may be submitted to the electors of a municipality, before any issuance of general obligation bonds pursuant to subsection 4 of NRS 350.020, before entering into an installment-purchase agreement with a term of more than 10 years or, before any other formal action may be taken preliminary to the incurrence of any general obligation debt, the proposed incurrence or levy must receive the favorable vote of two-thirds of the members of the commission of each county in which the municipality is situated.

2. Before the board of trustees of a district organized or reorganized pursuant to chapter 318 of NRS whose population within its boundaries is less than 5,000 incurs a medium-term obligation or otherwise borrows money or issues securities to evidence such borrowing, other than securities representing a general obligation debt or installment-purchase agreements with a term of 10 years or less, the proposed borrowing or issuing of securities must receive the favorable vote of a majority of the members of the commission of each county in which the district is situated.

3. When any municipality other than a general improvement district whose population within its boundaries is less than 5,000 issues any special obligations, it shall so notify in its annual report the commission of each county in which any of its territory is situated.

4. The commission shall not approve any proposal submitted to it pursuant to this section by a municipality:

(a) Which, if the proposal is for the financing of a capital improvement, is not included in its plan for capital improvement submitted pursuant to NRS 350.013, if such a plan is required to be submitted;

(b) If, based upon:

(1) Estimates of the amount of tax revenue from property taxes needed for the special elective tax, or to repay the general obligation debt, and the dates that revenue will be needed, as provided by the municipality;

(2) Estimates of the assessed valuation of the municipality for each of the years in which tax revenue is needed, as provided by the municipality;

(3) The amount of any other required levies of property taxes, as shown on the most recently filed final budgets of each entity authorized to levy property taxes on any property within the municipality submitting the proposal; and

(4) Any other factor the municipality discloses to the commission, the proposal would result in a combined property tax rate in any of the overlapping entities within the county which exceeds the limit provided in NRS 361.453, unless the proposal also includes an agreement which complies with NRS 361.457 and which is approved by the governing bodies of all affected municipalities within the area as to how the combined property tax rates will be brought into compliance with the statutory limitation or unless the commission adopts a plan that is approved by the Executive Director of the Department of Taxation pursuant to which the combined property tax rate will be in compliance with the statutory limitation; or

(c) If, based upon the factors listed in subparagraphs (1) to (4), inclusive, of paragraph (b), the proposal will affect the ability of an affected governmental entity to levy the maximum amount of property taxes that it may levy pursuant to NRS 354.59811, unless:

(1) The proposal includes a resolution approving the proposal pursuant to subsection 3 of NRS 350.0135 from each affected governmental entity whose ability to levy property taxes will be affected by the commission's approval of the proposal; or

(2) The commission has resolved all conflicts between the municipality and all affected governmental entities and has approved the increase in property taxes resulting from the proposal pursuant to NRS 350.0135.

5. Except as otherwise provided in subsection 6 or in paragraph (b) of subsection 3 of NRS 350.583, if general obligation debt is to be incurred more than 36 months after the approval of that debt by the commission, the governing body of the municipality shall obtain additional approval of the commission before incurring the general obligation debt. The commission shall only approve a proposal that is submitted pursuant to this subsection if, based on the information set forth in paragraph (b) of subsection 4 that is accurate as of the date on which the governing body submits, pursuant to this subsection, its request for approval to the commission:

(a) Incurrence of the general obligation debt will not result in a combined property tax rate in any of the overlapping entities within the county which exceeds the limit provided in NRS 361.453;

(b) The proposal includes an agreement approved by the governing bodies of all affected municipalities within the area as to how the combined tax rates will be brought into compliance with the statutory limitation; or

(c) The commission adopts a plan that is approved by the Executive Director of the Department of Taxation pursuant to which the combined property tax rate will be in compliance with the statutory limitation. The approval of the commission pursuant to this subsection is effective for 18 months. The governing body of the municipality may renew that approval for successive periods of 18 months by filing an application for renewal with the commission. Such an application must be accompanied by the information set forth in paragraph (b) of subsection 4 that is accurate as of the date the governing body files the application for renewal.

6. The commission may not approve a proposal pursuant to subsection 5 which, based upon the factors listed in subparagraphs (1) to (4), inclusive, of paragraph (b) of subsection 4, will affect the ability of an affected governmental entity to levy the maximum amount of property taxes that it may levy pursuant to NRS 354.59811, unless:

(a) The proposal includes a resolution approving the proposal pursuant to subsection 3 of NRS 350.0135 from each affected governmental entity whose ability to levy property taxes will be affected by the commission's approval of the proposal; or

(b) The commission has resolved all conflicts between the municipality and all affected governmental entities and has approved the increase in property taxes resulting from the proposal pursuant to NRS 350.0135.

7. As used in this section, "affected governmental entity" has the meaning ascribed to it in subsection 9 of NRS 350.0135.

3. If the proposal is from a municipality, the commission may not approve any portion of the proposal that is not included in the statement filed pursuant to paragraph (b) of subsection 1 of NRS 350.013, as updated pursuant to subsection 3 or 4 of NRS 350.013.

NRS 350.015 Criteria for approval or disapproval of certain proposals; requests for information; use of money received from sale of general obligation debt or from special elective tax.

1. In determining whether to approve, conditionally or provisionally approve, or disapprove a proposal to incur debt, to enter an installment-purchase agreement with a term of more than 10 years or to levy a special elective tax, the commission shall not, except as otherwise provided in paragraph (d) and NRS 350.0135, initiate a determination as to whether the proposed debt, installment-purchase agreement or special elective tax is sought to accomplish a public purpose or to satisfy a public need. The commission shall consider, but is not limited to, the following criteria:

(a) If the proposal is to incur debt, the amount of debt outstanding on the part of the municipality proposing to incur the debt.

(b) The effect of the tax levy required for debt service on the proposed debt or to repay an installment-purchase agreement with a term of more than 10 years, or of the proposed levy of a special elective tax, upon the ability of the municipality proposing to incur the general obligation debt, enter the installment-purchase agreement or levy the special elective tax and of other municipalities to raise revenue for operating purposes.

(c) The anticipated need for other incurrences of debt, installment-purchase agreements or levies of special elective taxes by the municipality proposing to incur the debt, enter the installment-purchase agreement or levy the special elective tax and other municipalities whose tax-levying powers overlap, as shown by the county or regional master plan, if any, and by other available information.

(d) If the information set forth in paragraph (b) of subsection 4 of NRS 350.014 indicates that the proposal would result in a combined property tax rate in any of the overlapping entities within the county which exceeds the specified percentage, pursuant to subsection 1 of NRS 350.0155, of the limit provided in NRS 361.453:

(1) The public need to be served by the proceeds from the proposed debt or tax levy in accordance with the priorities established pursuant to subsection 2 of NRS 350.0155; and

(2) A comparison of that public need and other public needs that appear on the statements of current and contemplated general obligation debt and special elective taxes submitted pursuant to paragraphs (a) and (b) of subsection 1 of NRS 350.013 that may affect the combined property tax rate in any of the overlapping entities within the county.

2. The commission may make reasonable requests from a municipality for information relating to the criteria described in paragraphs (a) to (d), inclusive, of subsection 1. A municipality shall use its best efforts to comply with information requests from the commission in a timely manner.

3. If the commission approves the proposal, the amount received from the sale of the general obligation debt or from the special elective tax may be expended only for the purposes described in the proposal.

NRS 279 provides for the creation of redevelopment areas for the rehabilitation of depressed areas throughout the state. The statutes provide for development of a plan for the redevelopment of an identified area along with the procedures for raising revenues and providing funding to those persons or companies wishing to improve properties within the redevelopment areas. Property tax is levied each fiscal year on the incremental growth in each area over and above the base year assessed value. The allocation of tax increment revenue to the respective redevelopment agencies and other local governments is prescribed by NRS 279.676 (1c). This section provides that redevelopment agencies are not entitled to revenues generated by the portion of the tax rate levied for bonds approved, or tax overrides approved, by voters on or after November 5, 1996.

Note: The highest district rate is used in the Boulder City, Henderson, Las Vegas, Mesquite and North Las Vegas Redevelopment Areas due to various district rates.
