

Parcel Map Review Committee Staff Report

Meeting Date: January 14, 2021

Agenda Item: 7B

TENTATIVE PARCEL MAP CASE NUMBER: WTPM20-0014 Pleasant Valley Ranch 1

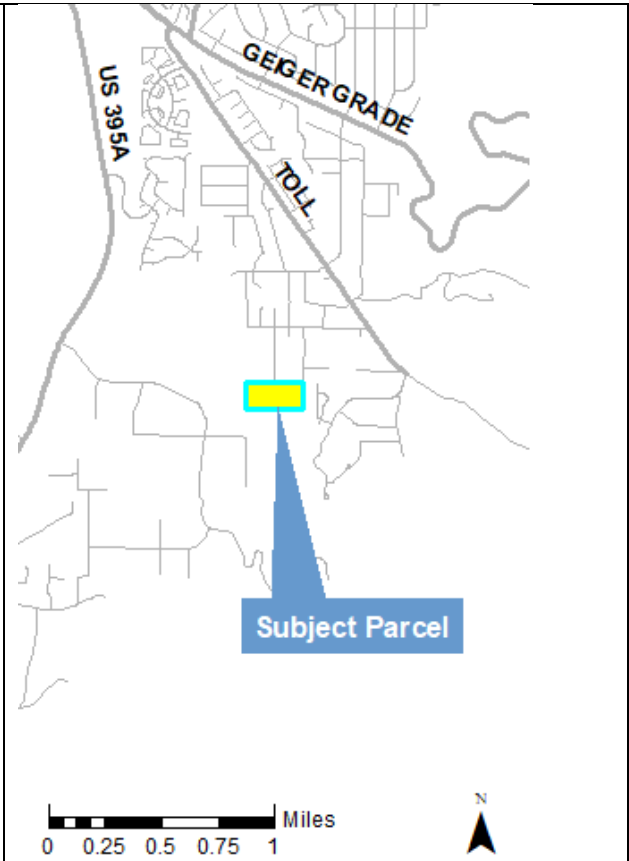

BRIEF SUMMARY OF REQUEST: Request to divide 20 acres into four lots of five acres.

STAFF PLANNER: Planner's Name: Dan Cahalane
Phone Number: 775.328.3628
E-mail: dcahalane@washoecounty.us

CASE DESCRIPTION

For possible action, hearing, and discussion to approve a tentative parcel map dividing a 20-acre parcel into four parcels of five (5) acres each. This is a second or subsequent parcel map.

Applicant: Harry C Fry
Property Owner: Pleasant Valley Ranch Estates LLC
Location: 16100 Rocky Vista Rd
APN: 017-410-38
Parcel Size: 20 acres
Master Plan: Rural Residential, Suburban Residential
Regulatory Zone: Medium Density Rural (±11%), Low Density Suburban (±52%) Medium Density Suburban (±37%)
Area Plan: South Valleys
Citizen Advisory Board: South Truckee Meadows/Washoe Valley
Development Code: Authorized in Article 606
Commission District: 2 – Commissioner Lucey

STAFF RECOMMENDATION

APPROVE

APPROVE WITH CONDITIONS

DENY

POSSIBLE MOTION

I move that, after giving reasoned consideration to the information contained within the staff report and the information received during the public meeting, that the Washoe County Parcel Map Review Committee approve Parcel Map Case Number WTPM20-0014 for Pleasant Valley Ranch Estates LLC, subject to the conditions of approval included as Exhibit A with the staff report, and make the determination that the following criteria is or will be adequately provided for pursuant to Washoe County Code, Section 110.606.30

(Motion with Findings on Page 9)

Parcel Map

The purpose of a parcel map is to allow for the creation of subdivisions, merger and re-subdivision of existing lots, and common-interest communities consisting of four or fewer parcels pursuant to Washoe County Code Chapter 110, Article 606, *Parcel Maps*. A tentative parcel map must be submitted to the Planning and Building Division for the purpose of review prior to or concurrent with the final parcel map. Every tentative parcel map must be prepared by a professional land surveyor. The parcel map process exists to establish reasonable standards of design and procedures for subdividing in order to further the orderly layout and use of land and insure proper legal descriptions and monumenting of subdivided land. Additionally, the process helps to safeguard the public health, safety and general welfare by establishing minimum standards of design and development for any land division platted in the unincorporated area of Washoe County. If the Washoe County Parcel Map Review Committee grants an approval of the tentative parcel map, that approval is subject to conditions of approval. Conditions of approval are requirements that may need to be completed during different stages of the proposed project. Those stages are typically:

- Prior to recordation of a final map.
- Prior to obtaining a final inspection and/or a certificate of occupancy on a structure.
- Prior to the issuance of a business license or other permits/licenses.
- Some conditions of approval are referred to as “operational conditions.” These conditions must be continually complied with for the life of the project.

Within 22 months from the date of approval of the tentative parcel map, the applicant must file a final parcel map along with any required supporting materials with the Planning and Building Division and the County Engineer showing that all conditions imposed by the Washoe County Parcel Map Review Committee have been met. Approval or conditional approval of a tentative parcel map imposes no obligation on the part of the Director of the Planning and Building Division or the Washoe County Board of County Commissioners to approve the final parcel map or to accept any public dedication shown on the tentative or final parcel map. Failure to submit a complete final parcel map and pay the required fees within the two-year time period shall cease any further action on the map and shall render the tentative parcel map as expired.

The conditions of approval for Tentative Parcel Map Case Number WTPM20-0014 is attached to this staff report and will be included with the action order if approved by the Parcel Map Review Committee.

WBLA20-0014 (Pending)

Tentative Parcel Map Evaluation

Regulatory Zone: Medium Density Rural (±11%), Low Density Suburban (±52%)
 Medium Density Suburban (±37%)

Maximum Lot Potential: 31 dwelling units (1 MDR, 8 LDS, 22 MDS)

Number of Lots on Parcel Map: 4

Minimum Lot Size Required: 4 acres (Medium Density Rural)

Minimum Lot Size on Parcel Map: 5 acres

Minimum Lot Width Required: 200ft

Minimum Lot Width on Parcel Map: 317ft

The tentative parcel map meets all minimum requirements for the *Medium Density Rural* regulatory zone.

Development Suitability Constraints: The *South Valleys* Development Suitability Map, a part of the *South Valleys Area Plan*, identifies the subject parcel as *most suitable for development and slopes greater than 15%*.

Hydrographic Basin: The subject parcel is within the Pleasant Valley Hydrographic Basin.

The subject parcel is *inside* the Truckee Meadows Service Area (TMSA).

The requested parcel map is not proposed to be a second or subsequent division of a parcel map approved within the last five years. However, the property is contiguous to another parcel under the same ownership in which a separate parcel map application has been submitted and is under review by Washoe County. Therefore, this is considered a second or subsequent parcel map in accordance with NRS 278.462(3)(b), and Washoe County may require any reasonable improvement, but not more than would be required if the parcel were a subdivision.

Currently, APN 017-410-38 is 19.67-acres in size. The lot lines are in the process of being adjusted within WBLA20-0014, as referenced above, in order to make APN 017-410-38 20-acres in size prior to this application and re-orientate the parcel. Staff has conditioned the approval of this parcel map on the recordation of WBLA20-0014.

South Valleys Area Plan

The subject parcel is located within the South Valleys Area Plan. The following is the pertinent policy from the Area Plan:

Relevant Area Plan Policies Reviewed

Policy	Brief Policy Description	Complies	Condition of Approval
SV 2.14	Efficient use of infrastructure; conservation of recharge area, habitat & open vistas	Yes	NA
SV 3.6	Emergency/secondary access from Toll Road Area to US 395 via Rhodes Rd is desired	Yes	NA
SV 15.6	Access to existing trails will be protected and improved through dedication whenever possible	Yes	The Washoe County Parks Program provided conditions of approval in Exhibit A.
SV 24.1	Protection and Enhancement of Groundwater Recharge; Water Resources & Land Use; Water Resource Commitments; Groundwater Resource Development & Management of Water Quality	Yes	The Washoe County Water Rights Coordinator provided conditions of approval in Exhibit A.

SV 24.5	New development in Eagle Valley, Pleasant Valley, and Truckee Meadows hydro-basins require certificated or permitted water rights	Yes	The Washoe County Water Rights Coordinator provided conditions of approval in Exhibit A.
SV 24.7	Water rights shall be dedicated to Washoe County	Yes	The Washoe County Water Rights Coordinator provided conditions of approval in Exhibit A.

South Valleys Area Plan Modifiers

110.210.05(b) Pleasant Valley Hydrographic Basin, Eagle Valley Hydrographic Basin, and Truckee Meadows Hydrographic Basin

Staff Comment: The application was forwarded to the Washoe County Water Rights Coordinator, who provided conditions of approval in Exhibit A.

Development Information

The subject parcel is undeveloped as outlined in the reoriented parcels per WBLA20-0014.

All conditions required by the contacted agencies can be found in Exhibit A, Conditions of Approval.

Staff Comment on Required Findings

WCC Section 110.606.30 (i) requires that all of the following findings be made to the satisfaction of the Washoe County Parcel Map Review Committee before granting approval of the request. Staff

has completed an analysis of the application and has determined that the proposal is in compliance with the required findings as follows.

- 1) General improvement considerations for all parcel maps including, but not limited to:
 - a) Environmental and health laws and regulations concerning water and air pollution, the disposal of solid waste, facilities to supply water, community or public sewage disposal and, where applicable, individual systems for sewage disposal.

Staff Comment: The application was routed to the Washoe County Health District and Washoe County Water Rights Coordinator. Environmental Health provided conditions of approval regarding septic soil standards. The Water Rights coordinator provided conditions regarding domestic wells and relinquishment of water rights.
 - b) The availability of water which meets applicable health standards and is sufficient for the reasonably foreseeable needs of the subdivision.

Staff Comment: The application was routed to the Washoe County Health District and Washoe County Water Rights Coordinator. Environmental Health provided conditions of approval regarding septic soil standards. The Water Rights coordinator provided conditions regarding domestic wells and relinquishment of water rights.
 - c) The availability and accessibility of utilities.

Staff Comment: The parcel does not have access to municipal water or sewerage. Therefore, the applicant is required to complete a test trench prior to the installation of a septic system and relinquish water rights in accordance with the conditions provided by Environmental Health and the Water Rights Coordinator.
 - d) The availability and accessibility of public services such as schools, police and fire protection, transportation, recreation and parks.

Staff Comment: The proposed application will only create 4 parcels. They impact of these 4 parcels are considered minimal and will be addressed at the building permit stage, particularly fire access conditions. The application was forwarded to Washoe County Sheriff, Washoe County Engineering, RTC Washoe, and Washoe County Parks Program. The Washoe County Parks Program provided conditions requiring a 20ft public trail easement and a historic preservation note as outlined in Exhibit A.
 - e) Conformity with the zoning ordinances and master plan.

Staff Comment: Staff reviewed the application against the Development Code as outlined in the Tentative Parcel Map evaluation above. Staff also reviewed the application against South Valleys Area plan policies SV 2.14, SV3.2, SV3.6, SV24.1, SV24.2, SV24.5, and SV 24.7 as outlined above.
 - f) General conformity with the governing body's master plan of streets and highways.

Staff Comment: The proposed application is in conformity with the master plan's streets and highways. It specifically advances South Valleys Area Plan policy 3.6 by providing a public access easement that connects Toll Road to US 395 via Rocky Vista Rd and Chance Ln.
 - g) The effect of the proposed subdivision on existing public streets and the need for new streets or highways to serve the subdivision.

Staff Comment: The proposed application will only create 4 parcels. This is not sufficient to require new streets or highways.
 - h) Physical characteristics of the land such as floodplain, slope and soil.

Staff Comment: The north western part of the current parcels have slopes greater than 15%. However, each parcel is more than 5 acres in size, providing ample area to build a single family residence on areas considered more suitable for development.

- i) The recommendations and comments of those entities reviewing the tentative parcel map pursuant to NRS 278.330 and 278.348, inclusive.

Staff Comment: These provisions of statute refer to the preparation of tentative maps. All recommend conditions of approval from the reviewing agencies have been included with the staff report.

- j) The availability and accessibility of fire protection including, but not limited to, the availability and accessibility of water and services for the prevention and containment of fires including fires in wild lands.

Staff Comment: The application includes public access sufficient for TMFPD to provide fire access. All additional fire access and fire regulation will be addressed at the building permit stage.

- k) Community antenna television (CATV) conduit and pull wire.

Staff Comment: There is access to CATV conduit and pull wire.

- l) Recreation and trail easements.

Staff Comment: The application was forwarded to Washoe County Parks Program, who provided conditions requiring a 20ft public trail easement connecting two BLM parcels as outlined in Exhibit A in accordance with WCC 110.604.55

- 2) Subdivision improvement considerations for second or subsequent parcel maps pursuant to Section 110.606.30(d) and which are in addition to the criteria listed above.

Staff Comment: Staff and reviewing agencies provided conditions for any reasonable improvement up to subdivision requirement in accordance with NRS278.462(3)(b). This application has been noticed in accordance with WCC 110.606.30(d).

Recommendation

After a thorough analysis and review, Parcel Map Case Number WTPM20-0014 is being recommended for approval with conditions. Staff offers the following motion for the Parcel Map Review Committee's consideration.

Review Criteria

I move that, after giving reasoned consideration to the information contained within the staff report and the information received during the public meeting, that the Washoe County Parcel Map Review Committee approve Parcel Map Case Number WTPM20-0014 for Pleasant Valley Ranch Estates LLC, subject to the conditions of approval included as Exhibit A with the staff report, and make the determination that the following criteria is or will be adequately provided for pursuant to Washoe County Code, Section 110.606.30:

- 1) General improvement considerations for all parcel maps including, but not limited to:
 - a) Environmental and health laws and regulations concerning water and air pollution, the disposal of solid waste, facilities to supply water, community or public sewage disposal and, where applicable, individual systems for sewage disposal;
 - b) The availability of water which meets applicable health standards and is sufficient for the reasonably foreseeable needs of the subdivision;
 - c) The availability and accessibility of utilities;
 - d) The availability and accessibility of public services such as schools, police and fire protection, transportation, recreation and parks;
 - e) Conformity with the zoning ordinances and master plan;
 - f) General conformity with the governing body's master plan of streets and highways;

- g) The effect of the proposed subdivision on existing public streets and the need for new streets or highways to serve the subdivision;
 - h) Physical characteristics of the land such as floodplain, slope and soil;
 - i) The recommendations and comments of those entities reviewing the tentative parcel map pursuant to NRS 278.330 and 278.348, inclusive;
 - j) The availability and accessibility of fire protection including, but not limited to, the availability and accessibility of water and services for the prevention and containment of fires including fires in wild lands;
 - k) Community antenna television (CATV) conduit and pull wire; and
 - l) Recreation and trail easements.
- 2) Subdivision improvement considerations for second or subsequent parcel maps pursuant to Washoe County Code, Section 110.606.30(d) and which are in addition to the criteria listed above.

Appeal Process

Parcel Map Review Committee action will be effective 10 calendar days after the written decision is filed with the Secretary to the Parcel Map Review Committee, unless the action is appealed to the Washoe County Board of County Commissioners, in which case the outcome of the appeal shall be determined by the Board of County Commissioners. Any appeal must be filed in writing within 10 calendar days from the date the written decision is filed with and signed by the Secretary of the Parcel Map Review Committee and mailed to the applicant.

Conditions of Approval

Tentative Parcel Map Case Number WTPM20-0014

The tentative parcel map approved under Parcel Map Case Number WTPM20-0014 shall be carried out in accordance with the conditions of approval granted by the Washoe County Parcel Map Review Committee on January 14, 2021. Conditions of approval are requirements placed on a permit or development by each reviewing agency. These conditions of approval may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act or to abide by all other generally applicable codes, and neither these conditions nor the approval by the County of this project/use override or negate any other applicable restrictions on uses or development on the property.

Unless otherwise specified, all conditions related to the approval of this tentative parcel map shall be met or financial assurance must be provided to satisfy the conditions of approval prior to the recordation of a final parcel map. The agency responsible for determining compliance with a specific condition shall determine whether the condition must be fully completed or whether the applicant shall be offered the option of providing financial assurance. All agreements, easements, or other documentation required by these conditions shall have a copy filed with the County Engineer and the Planning and Building Division.

Compliance with the conditions of approval related to this tentative parcel map is the responsibility of the applicant, his/her successor in interest, and all owners, assignees, and occupants of the property and their successors in interest. Failure to comply with any of the conditions imposed in the approval of the tentative parcel map may result in the institution of revocation procedures.

Washoe County reserves the right to review and revise the conditions of approval related to this tentative parcel map should it be determined that a subsequent license or permit issued by Washoe County violates the intent of this approval.

For the purpose of conditions imposed by Washoe County, "may" is permissive and "shall" or "must" is mandatory.

Conditions of approval are usually complied with at different stages of the proposed project. Those stages are typically:

- Prior to recordation of a final map.
- Prior to obtaining a final inspection and/or a certificate of occupancy.
- Prior to the issuance of a business license or other permits/licenses.
- Some "conditions of approval" are referred to as "operational conditions." These conditions must be continually complied with for the life of the project.

The Washoe County Commission oversees many of the reviewing agencies/departments with the exception of the following agencies.

- **The DISTRICT BOARD OF HEALTH, through the Washoe County Health District, has jurisdiction over all public health matters in the Health District. Any conditions set by the Health District must be appealed to the District Board of Health.**

FOLLOWING ARE CONDITIONS OF APPROVAL REQUIRED BY THE REVIEWING AGENCIES. EACH CONDITION MUST BE MET TO THE SATISFACTION OF THE ISSUING AGENCY.

Washoe County Planning and Building Division

1. The following conditions are requirements of the Planning and Building Division, which shall be responsible for determining compliance with these conditions.

Contact: Dan Cahalane, Planner, dcahalane@washoecounty.us 775-328-3628

- a. **The applicant shall attach a copy of the action order approving this project to all permits and applications (including building permits) applied for as part of this tentative parcel map.**
- b. The final map shall be in substantial compliance with all plans and documents submitted as part of this tentative parcel map application, and with any amendments imposed by the Parcel Map Review Committee. All documentation necessary to satisfy the conditions noted below shall accompany the final map when submitted to the County Engineer and the Planning and Building Division.
- c. The applicant shall comply with all the conditions of approval and shall submit a final map for signature by the Director of the Planning and Building Division within 22 months from the date of approval by the Parcel Map Review Committee. Each agency responsible for imposing conditions may determine whether its conditions must be fully completed or whether the applicant shall be offered the option of providing financial assurances as a means of assuring compliance.
- d. The final map shall contain the following jurat:

DIRECTOR OF PLANNING AND BUILDING CERTIFICATE

THE FINAL PARCEL MAP CASE NO. WTPM20-0014 MEETS ALL APPLICABLE STATUTES, ORDINANCES AND CODE PROVISIONS; IS IN SUBSTANTIAL CONFORMANCE WITH THE TENTATIVE MAP AND ITS CONDITIONS, WHICH ARE INCORPORATED HEREIN BY THIS REFERENCE, AND THOSE CONDITIONS HAVE BEEN SATISFIED FOR RECORDATION OF THIS MAP. THE OFFER(S) OF DEDICATION IS (ARE) REJECTED AT THIS TIME, BUT WILL REMAIN OPEN IN ACCORDANCE WITH NEVADA REVISED STATUTES CHAPTER 278.

THIS FINAL MAP IS APPROVED AND ACCEPTED THIS _____ DAY OF _____, 20_____, BY THE DIRECTOR OF PLANNING AND BUILDING OF WASHOE COUNTY, NEVADA, IN ACCORDANCE WITH NEVADA REVISED STATUTES 278.471 THROUGH 278.4725.

MOJRA HAUENSTEIN, DIRECTOR, PLANNING AND BUILDING DIVISION

- e. The applicant shall provide verification to the Planning and Building Division that all conditions from the Truckee Meadows Fire Protection District have been satisfied.
- f. The applicant has indicated that the proposed improvements will not exceed the major grading thresholds that require a special use permit. If the final construction drawings for the map include grading that exceeds the *Major Grading Permit Thresholds* listed in Article 438 Grading Standards, the applicant shall apply for a special use permit for grading; this

approval may take up to three months to process. In addition, all related standards within the Washoe County Development Code shall be met on the construction drawings.

- g. The approval for this tentative parcel map does not include improvements for driveways to building pads. Grading for access to building pads, if they exceed the criteria stated in the previous condition, shall require a special use permit.
- h. Approval of the application is conditioned upon the recordation of WBLA20-0014. No final map shall be processed without proof of recordation of WBLA20-0014.

Washoe County Engineering and Capital Projects

- 2. The following conditions are requirements of the Engineering and Capital Projects, which shall be responsible for determining compliance with these conditions.

Contact: Wayne Handrock, whandrock@washoecounty.us

- a. Comply with the conditions of the Washoe County technical check for this map.
- b. Complete the Surveyor's Certificate.
- c. Add the following note to the final map; "For each parcel created by this final map, access roadway and drainage improvements meeting the requirements of Washoe County Development Code are required with said improvements to be included within an approved residential building permit. Said improvements shall include minimum 20' wide gravel roadway able to support emergency vehicle travel with appurtenant drainage improvements".
- d. All boundary corners must be set.
- e. Place a note on the map stating that the natural drainage will not be impeded.
- f. Add a Security Interest Holder's Certificate to the map if applicable.
- g. Grant 20 foot wide private drainage easement for the existing drainage ditch that crosses through lots 1 through 4.
- h. Grant a 50 foot wide access and public utility easement (for Chance Lane) along the south side of parcel 4.
- i. Grant easements for snow storage and signage.
- j. Prior to final map approval, the following preliminary designs meeting the requirements of Washoe County Development Code Chapter 110 shall be prepared by a licensed engineer and submitted to Washoe County Engineering for review:
- k. Preliminary design of access roadway and drainage improvements to each proposed parcel with associated access/drainage easements shown on the final map. The preliminary design shall include minimum 20' wide gravel roadway able to support emergency vehicle travel with appurtenant drainage improvements. Preliminary design drawings shall include, but not limited to, existing ground contours (2' maximum interval), finished grade contours, extents of cut/fill slopes, roadway profile with grades (14% max), roadway cross section, culvert locations, and drainage improvements to perpetuate existing drainage patterns.
- l. Preliminary lot grading plan for each parcel {OR IDENTIFY SPECIFIC PARCELS} to determine a buildable site is available. Preliminary lot grading plan shall include existing ground contours (2' maximum interval), finished grade contours, extents of cut and fill slopes, and drainage improvements needed to perpetuate existing and proposed drainage.

- m. Add the following note to the final map; "For each parcel created by this final map, access and drainage improvements meeting the requirements of Washoe County Development Code are required with said improvements to be included within an approved residential building permit.
- n. Add the following note to the map; "All properties, regardless if they are located within or outside of a FEMA designated flood zone, may be subject to flooding. The property owner is required to maintain all drainage easements and natural drainages and not perform or allow unpermitted and unapproved modifications to the property that may have detrimental impacts to surrounding properties."

Washoe County Health District

3. The following conditions are requirements of Environment Health Services, which shall be responsible for determining compliance with these conditions.

Contact: David Kelly, dakelly@washoecounty.us

- a. Washoe County Health District (WCHD) requires a test trench to be completed on each proposed parcel. Test trench reports must be provided prior to signing of parcel map. Test trench permit(s) require an application with WCHD prior to excavation and inspection

Washoe County Water Rights

4. The following conditions are requirements of the Washoe County Water Rights Coordinator, which shall be responsible for determining compliance with these conditions.

Contact: Vahid Behmaram, vbehmaram@washoecounty.us

- a. The subject parcel is not near any municipal, quasi-municipal or private water delivery infrastructure; therefore, resulting parcels will rely on Individual Domestic wells as their source of domestic water supply.
- b. Washoe County code requires that the applicant for a parcel map with parcels served by an individual domestic well, to bring forth an approved and recorded "Affidavit of Relinquishment for Domestic Wells" by the Nevada State Engineer's office. The applicant shall complete the relinquishment process with the State Engineer's office and record the approved form with the County Recorder's office and submit a recorded copy to Washoe County as a pre-requisite to approval of their parcel map.
- c. The Relinquishment form is available at the following site:
<http://water.nv.gov/forms/forms09/Relinquishment09.pdf>
- d. Washoe County retains the authority to impose its own review and reject water rights which do not comply with Washoe County code and area plans. Therefore, a preview of water rights intended to support the project (prior to relinquishment process) will be helpful for both the applicant and Washoe County staff.
- e. The ground water rights subject to relinquishment MAY NOT be supplemental ground water which supplement primary surface water rights.
- f. The amount of water rights necessary is 2.00 acre-feet of ground water rights per newly created parcel. The original parcel is deemed exempt from the relinquishment process. In the way of an example, if one parcel is subdivided into a total of 4, there are 3 newly created parcels and one existing or remains thereof. This parcel map will create 3 newly created parcels which will require the relinquishment of 6.00 acre-feet of ground water rights.
- g. The water rights must be in good standing with the State of Nevada, with current title. The water rights must be from the same hydrographic basin as the lands subject to the parcel map and comply with the appropriate area plan.

Washoe County Parks Department

5. The following conditions are requirements of Washoe County Parks Program, which shall be responsible for determining compliance with these conditions.

Contact: Sophia Kirschenman, skirschenman@washoecounty.us

- a. In conformance with the recreational opportunities maps in the South Valleys Area Plan and Southeast Truckee Meadows Area Plan, the applicant shall provide a 20'-wide non-motorized, public trail easement along the northern and eastern boundary of the parcel currently identified as APN 017-410-38. This will ensure that connectivity is maintained between the two neighboring Bureau of Land Management parcels located to the northeast and northwest of the subject site and the common open space parcel bordering the eastern/southeastern portion of the subject site, as consistent with Recreational Resource Goal 6.2 in the Open Space and Natural Resource Management Plan.
- b. Pursuant to the Cultural Resources Map included in the Washoe County Open Space and Natural Resource Management Plan (OSNRMP), the subject site is located in an area with known cultural resources. These resources shall be documented and/or conserved should they be identified or discovered when these lots are developed. A note shall be included on the final map that states: Should any Native American artifact, cairn or grave be discovered during site development, work shall temporarily be halted at the specific site and the Sheriff's Office as well as the Nevada State Historic Preservation Office (SHPO) of the Department of Conservation and Natural Resources shall be immediately notified per NRS 383.170.

Truckee Meadows Fire Protection District

6. The following conditions are requirements of Truckee Meadows Fire Protection District, which shall be responsible for determining compliance with these conditions.

Contact: Dale Way, dway@tmfpd.us

- a. The Truckee Meadows Fire Protection District (TMFPD) will require that this project meet the requirements of Washoe County Code 60 to include infrastructure, access, and water for fire suppression.

INTEROFFICE MEMORANDUM

PARCEL MAP REVIEW

DATE: December 31, 2020

TO: Dan Cahalane, Planner - Department of Community Services

FROM: Wayne Handrock, PLS, Engineering and Capital Projects Division

SUBJECT: *Parcel Map for: Pleasant Valley Ranch 1*
Parcel Map Case No.: WTPM20-0014
APN: 017-410-38
Review Date: December 11, 2020

The Engineering and Capital Projects Division has reviewed the subject parcel map and the following conditions must be successfully completed prior to final approval of this application by the Division.

1. Comply with the conditions of the Washoe County technical check for this map.
2. Complete the Surveyor's Certificate.
3. Add the following note to the final map; "For each parcel created by this final map, access roadway and drainage improvements meeting the requirements of Washoe County Development Code are required with said improvements to be included within an approved residential building permit. Said improvements shall include minimum 20' wide gravel roadway able to support emergency vehicle travel with appurtenant drainage improvements".
4. All boundary corners must be set.
5. Place a note on the map stating that the natural drainage will not be impeded.
6. Add a Security Interest Holder's Certificate to the map if applicable.
7. Grant 20 foot wide private drainage easement for the existing drainage ditch that crosses through lots 1 through 4.
8. Grant a 50 foot wide access and public utility easement (for Chance Lane) along the south side of parcel 4.

9. Grant easements for snow storage and signage.
10. Prior to final map approval, the following preliminary designs meeting the requirements of Washoe County Development Code Chapter 110 shall be prepared by a licensed engineer and submitted to Washoe County Engineering for review:
 - a. Preliminary design of access roadway and drainage improvements to each proposed parcel with associated access/drainage easements shown on the final map. The preliminary design shall include minimum 20' wide gravel roadway able to support emergency vehicle travel with appurtenant drainage improvements. Preliminary design drawings shall include, but not limited to, existing ground contours (2' maximum interval), finished grade contours, extents of cut/fill slopes, roadway profile with grades (14% max), roadway cross section, culvert locations, and drainage improvements to perpetuate existing drainage patterns.
 - b. Preliminary lot grading plan for each parcel {OR IDENTIFY SPECIFIC PARCELS} to determine a buildable site is available. Preliminary lot grading plan shall include existing ground contours (2' maximum interval), finished grade contours, extents of cut and fill slopes, and drainage improvements needed to perpetuate existing and proposed drainage.
11. Add the following note to the final map; "For each parcel created by this final map, access and drainage improvements meeting the requirements of Washoe County Development Code are required with said improvements to be included within an approved residential building permit.
12. Add the following note to the map; "All properties, regardless if they are located within or outside of a FEMA designated flood zone, may be subject to flooding. The property owner is required to maintain all drainage easements and natural drainages and not perform or allow unpermitted and unapproved modifications to the property that may have detrimental impacts to surrounding properties."

RE: Pleasant Valley Ranch Estates PM 1 & 2; 017-410-38 & 39
Parcel Map; WTPM20-0014 & 15

Dear Washoe County Staff:

The following conditions are requirements of the Washoe County Health District, Environmental Health Division, which shall be responsible for determining compliance with these conditions.

Contact Name – David Kelly

- a) Washoe County Health District (WCHD) requires a test trench to be completed on each proposed parcel. Test trench reports must be provided prior to signing of parcel map. Test trench permit(s) require an application with WCHD prior to excavation and inspection.

If you have any questions or would like clarification regarding the foregoing, please contact Dave Kelly, EHS Supervisor at dakelly@washoecounty.us regarding all Health District comments.

Sincerely,

Dave Kelly, REHS
EHS Supervisor

TO: Dan Cahalane, Planner, CSD, Planning & Development Division

FROM: Vahid Behmaram, Water Management Planner Coordinator, CSD

SUBJECT: Tentative Parcel Map Case Number WTPM20-0014 (Pleasant Valley Ranch 1).

Project description:

The applicant is proposing to approve the division of a ±20 acres into four separate 5-acre parcels.

The property is located at 16100 Rocky Vista Road (Southern terminus of Rocky Vista Road), Assessor's Parcel Number: 017-410-38.

The Community Services Department (CSD) recommends approval of this project with the following Water Rights conditions:

- 1) The subject parcel is not near any municipal, quasi-municipal or private water delivery infrastructure; therefore, resulting parcels will rely on Individual Domestic wells as their source of domestic water supply.
- 2) Washoe County code requires that the applicant for a parcel map with parcels served by an individual domestic well, to bring forth an approved and recorded "**Affidavit of Relinquishment for Domestic Wells**" by the Nevada State Engineer's office. The applicant shall complete the relinquishment process with the State Engineer's office and record the approved form with the County Recorder's office and submit a recorded copy to Washoe County as a pre-requisite to approval of their parcel map.
- 3) The Relinquishment form is available at the following site: <http://water.nv.gov/forms/forms09/Relinquishment09.pdf>
- 4) Washoe County retains the authority to impose its own review and reject water rights which do not comply with Washoe County code and area plans. *Therefore, a preview of water rights intended to support the project (prior to relinquishment process) will be helpful for both the applicant and Washoe County staff.*
- 5) The ground water rights subject to relinquishment MAY NOT be supplemental ground water which supplement primary surface water rights.
- 6) The amount of water rights necessary is 2.00 acre-feet of ground water rights per newly created parcel. The original parcel is deemed exempt from the relinquishment process. In the way of an example, if one parcel is subdivided into a total of 4, there are 3 newly

created parcels and one existing or remains thereof. This parcel map will create 3 newly created parcels which will require the relinquishment of 6.00 acre-feet of ground water rights.

- 7) The water rights must be in good standing with the State of Nevada, with current title. The water rights must be from the same hydrographic basin as the lands subject to the parcel map and comply with the appropriate area plan.

FROM: Sophia Kirschenman, Park Planner

DATE: December 3, 2020

SUBJECT: Tentative Parcel Map Case Number WTPM20-0014 (Pleasant Valley Ranch 1) & Tentative Parcel Map Case Number WTPM20-0015 (Pleasant Valley Ranch 2)

I've reviewed Tentative Parcel Map Case Number WTPM20-0014 and WTPM20-0015 (Pleasant Valley Ranch 1 & 2) on behalf of the Washoe County Regional Parks and Open Space Program (Parks Program) and have prepared the following comments:

The proposed parcel maps would reconfigure two existing ±20-acre lots into eight ±5-acre lots. The parcels in question are located in Pleasant Valley. There are a number of existing social trails on the site (see photos below), primarily used for hiking, biking and horseback riding, although it should be noted that tire tracks and shell casings indicate that the site has also been used for illegal shooting and off-highway vehicle use. Public lands managed by the Bureau of Land Management (BLM) are located kitty-corner to the subject site to the northwest and northeast. There is also a large swath of BLM land located ±0.5 mile to the east. These public lands provide excellent recreational opportunities to residents of the area and the broader community. Additionally, the parcel (APN 017-510-38) that borders the eastern boundary of Pleasant Valley Ranch 2 is a common area owned and managed by the Majestic Ranch Estates Homeowners Association. There is a blanket pedestrian access easement over all common areas in that subdivision, including the parcel to the east of Pleasant Valley Ranch 2.

Photo 1: Existing access road/social trail looking west along the northern property boundary from Rocky Vista Road.

INTEGRITY

EFFECTIVE COMMUNICATION

QUALITY PUBLIC SERVICE

WTPM20-0014
 EXHIBIT E

Memo to: Dan Cahalane
Subject: WTPM20-0014 and WTPM20-0015
Date: December 3, 2020
Page: 2

Photo 2: Existing social trail along the eastern property boundary of the subject site looking north.

Most of the subject site is located within the South Valleys Planning Area, but a small portion is located within the Southeast Truckee Meadows Planning Area. Both area plans contain a recreational opportunities map that identifies proposed trail alignments that traverse the subject site, including both a north-south and east-west trail alignment. The east-west alignment would connect the two BLM parcels and the north-south alignment would provide connectivity to the parcel managed by the neighboring HOA. Additionally, Recreational Resource Goal 6.2 in the Washoe County Open Space and Natural Resource Management Plan (OSNRMP) states: *Require public access easements from subdivisions that are adjacent to public lands.*

Finally, the site is in an area with known cultural resources that should be documented and/or conserved when the properties are developed, as consistent with requirements from the Nevada State Historic Preservation Office under the Nevada Revised Statutes. Based on the trail alignments identified in the area plans, OSNRMP policies, existing social trails on site, and proximity to public lands, Parks Program staff have determined that it is crucial to maintain public access through the property. Given these considerations, the Parks Program requires the following conditions of approval:

Conditions of Approval:

1. In conformance with the recreational opportunities maps in the South Valleys Area Plan and Southeast Truckee Meadows Area Plan, the applicant shall provide a 20'-wide non-motorized, public trail easement along the northern and eastern boundary of the parcel currently identified as APN 017-410-38. This will ensure that connectivity is maintained

Memo to: Dan Cahalane
Subject: WTPM20-0014 and WTPM20-0015
Date: December 3, 2020
Page: 3

between the two neighboring Bureau of Land Management parcels located to the northeast and northwest of the subject site and the common open space parcel bordering the eastern/southeastern portion of the subject site, as consistent with Recreational Resource Goal 6.2 in the Open Space and Natural Resource Management Plan.

2. Pursuant to the Cultural Resources Map included in the Washoe County Open Space and Natural Resource Management Plan (OSNRMP), the subject site is located in an area with known cultural resources. These resources shall be documented and/or conserved should they be identified or discovered when these lots are developed. A note shall be included on the final map that states: Should any Native American artifact, cairn or grave be discovered during site development, work shall temporarily be halted at the specific site and the Sheriff's Office as well as the Nevada State Historic Preservation Office (SHPO) of the Department of Conservation and Natural Resources shall be immediately notified per NRS 383.170.

19. How many cubic yards of material are you exporting or importing? If exporting of material is anticipated, where will the material be sent? If the disposal site is within unincorporated Washoe County, what measures will be taken for erosion control and revegetation at the site? If none, how are you balancing the work on-site?

NA

20. Can the disturbed area be seen from off-site? If yes, from which directions, and which properties or roadways? What measures will be taken to mitigate their impacts?

NA

21. What is the slope (Horizontal/Vertical) of the cut and fill areas proposed to be? What methods will be used to prevent erosion until the revegetation is established?

NA

22. Are you planning any berms and, if so, how tall is the berm at its highest? How will it be stabilized and/or revegetated?

NO

23. Are retaining walls going to be required? If so, how high will the walls be, will there be multiple walls with intervening terracing, and what is the wall construction (i.e. rockery, concrete, timber, manufactured block)? How will the visual impacts be mitigated?

NO

24. Will the grading proposed require removal of any trees? If so, what species, how many, and of what size?

NO

25. What type of revegetation seed mix are you planning to use and how many pounds per acre do you intend to broadcast? Will you use mulch and, if so, what type?

NA

12. Does property contain geologic hazards such as active faults; hillside or mountainous areas; is it subject to avalanches, landslides, or flash floods; is it near a water body, stream, Significant Hydrologic Resource as defined in Article 418, or riparian area such as the Truckee River, and/or an area of groundwater recharge

<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	If yes, include a separate set of attachments and maps.
------------------------------	--	---

13. Does the tentative parcel map involve common open space as defined in Article 408 of the Washoe County Development Code? (If so, please identify all proposed non-residential uses and all the open space parcels.)?

<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	If yes, include a separate set of attachments and maps.
------------------------------	--	---

14. If private roads are proposed, will the community be gated? If so, is a public trail system easement provided through the subdivision?

NO

15. Are there any applicable policies of the adopted area plan in which the project is located that require compliance? If so, which policies and how does the project comply.

<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	If yes, include a separate set of attachments and maps.
------------------------------	--	---

16. Are there any applicable area plan modifiers in the Development Code in which the project is located that require compliance? If so, which modifiers and how does the project comply?

NA

17. Is the project subject to Article 418, Significant Hydrologic Resources? If yes, please address Special Review Considerations within Section 110.418.30 in a separate attachment.

<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	If yes, include a separate set of attachments and maps.
------------------------------	--	---

Grading

Please complete the following additional questions if the project anticipates grading that involves: (1) Disturbed area exceeding twenty-five thousand (25,000) square feet not covered by streets, buildings and landscaping; (2) More than one thousand (1,000) cubic yards of earth to be imported and placed as fill in a special flood hazard area; (3) More than five thousand (5,000) cubic yards of earth to be imported and placed as fill; (4) More than one thousand (1,000) cubic yards to be excavated, whether or not the earth will be exported from the property; or (5) If a permanent earthen structure will be established over four and one-half (4.5) feet high. If your project exceeds any of the above criteria, you shall either provide a preliminary grading and roadway design plan for review OR if these criteria are exceeded with the final construction drawings and not disclosed at the Tentative Parcel Map Application, you shall be required to apply for a special use permit for grading and you will be delayed up to three months, if approved.

18. How many cubic yards of material are you proposing to excavate on site?

NA

b. Available:

<input checked="" type="checkbox"/> Now	<input type="checkbox"/> 1-3 years	<input type="checkbox"/> 3-5 years	<input type="checkbox"/> 5+ years
---	------------------------------------	------------------------------------	-----------------------------------

c. Washoe County Capital Improvements Program project?

<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

GENERAL NOTES

1. A PUBLIC UTILITY EASEMENT IS HEREBY GRANTED WITHIN EACH PARCEL FOR THE EXCLUSIVE PURPOSE OF INSTALLING AND MAINTAINING UTILITY SERVICE FACILITIES TO THAT PARCEL, WITH THE RIGHT TO EXIT THAT PARCEL WITH SAID UTILITY FACILITIES FOR THE PURPOSE OF SERVING OTHER PARCELS, AT LOCATIONS MUTUALLY AGREED UPON BY THE OWNER OF RECORD AT THE TIME OF INSTALLATION AND THE UTILITY COMPANY.
2. PUBLIC UTILITY EASEMENTS ARE HEREBY GRANTED, 10' IN WIDTH CONCORDANT WITH ALL STREET RIGHT-OF-WAY, PRIVATE AND PUBLIC, 5' IN WIDTH CONCORDANT WITH ALL OTHER EXTERIOR BOUNDARIES, AND 10' IN WIDTH CENTERED ON ALL INTERIOR PROPERTY LINES.
3. OWNERS OF EACH PARCEL SHALL PERPETUATE ALL NATURAL DRAINAGE.
4. ACCESS IS BY ACCESS EASEMENT PER THIS MAP.
5. WITH THE DEVELOPMENT OF EACH PARCEL AND PRIOR TO THE ISSUANCE OF ANY BUILDING PERMIT OR COMMENCEMENT OF CONSTRUCTION, THE DEVELOPER SHALL PROVIDE A SEWERING UTILITY SUFFICIENT TO SERVE THE DEVELOPMENT AND SHALL PROVIDE WASTEWATER TO THE WASTEWATER TREATMENT PLANT.
6. SEWAGE DISPOSAL SHALL BE BY PRIVATE SEWER SEPTIC SYSTEM.
7. EACH PARCEL CREATE BY THIS MAP IS SERVED BY PRIVATE WELL.
8. WASHOE COUNTY WILL PRE-ASSIGN ADDRESSES TO BE RELEASED ONCE AN ASSESSOR'S PARCEL NUMBER HAS BEEN ESTABLISHED. IF STRUCTURE PLACEMENT DOES NOT REFLECT THE STREET ON THIS MAP, THE DEVELOPER SHALL REQUEST A CORRECTION. IF A CORRECTION IS ISSUED, THE DEVELOPER WILL REQUEST A NEW ADDRESS PRIOR TO ISSUANCE OF A BUILDING PERMIT.
9. THE NATURAL DRAINAGE WILL NOT BE IMPROVED.
10. ALL PUE'S INCLUDE CATV.
11. NO HABITABLE STRUCTURES SHALL BE LOCATED ON A FAULT THAT WAS ACTIVE DURING THE HOLOCENE EPOCH OR GEOLOGICAL TIME.
12. ALL PROPERTIES, REGARDLESS IF THEY ARE LOCATED WITHIN OR OUTSIDE OF A FEMA DESIGNATED FLOOD ZONE, MAY BE SUBJECT TO FLOODING. THE PROPERTY OWNER IS REQUIRED TO OBTAIN FLOOD INSURANCE. THE DEVELOPER SHALL BE RESPONSIBLE FOR OBTAINING NECESSARY UNPERMITTED AND UNAPPROVED MODIFICATIONS TO THE PROPERTY THAT MAY HAVE DETRIMENTAL IMPACTS TO SURROUNDING PROPERTIES.
