KO

amendment

KO

I do not support this application or agree with this ~~abandonment~~^{amendment}. I think that the County should also ask if impacted property owners agree or don't agree with the proposed ~~abandonment~~^{amendment} before sending out the notice. There has been a lot of development and increased traffic that has negatively impacted me. Drivers do not respect the speed limit and drive too fast, creating safety problems when I try to leave my house.
