

## Payroll Deduction Authorization Fingerprint Processing Fees

I authorize Washoe County to make a one-time payroll deduction in the amount of \$39.00 to cover the cost of the fingerprint background check required for all offers of employment per the *Washoe County Background and Reference Checks Policy and Procedures*. I understand this deduction will be automatically withdrawn from my pay in accordance with the provisions set- up for payroll deductions.

The \$39.00 deduction covers the \$27.00 State Fee + \$12.00 FBI Fee for processing LiveScan Electronically Submitted Prints.

I understand that my employment is contingent upon the results of the background check. A record of conviction will not necessarily bar you from employment. If employment is terminated due to the results of the background check the \$39.00 cost for the fingerprint background check will not be refunded.

If you have any questions, please contact your Department HR Representative, Supervisor, Department Head or Human Resources.
