Hello Brandon,

Please see below public comment for the Open Space and Regional Parks Commission meeting on Wednesday, September 26th. Please let me know if you need anything additional or if it needs to be sent to someone different. Thank you for your time!

Dear Open Space and Regional Parks Commissioners,

I am writing in support of the adoption of the Regional Trails Plan. A plan to provide our community with a much needed connected trails system. I have been so impressed with the work the Truckee Meadows Trails group has done to put this plan together working with 26 different organizations and ensuring plenty of public input. The plan is truly a community led collaborative project with benefits that will be seen for years to come including access to additional funding, better connectivity, added safety, varied transportation, economic development, and sustainability. Thank you for your time and consideration.

Heidi Anderson

Hello Brandon,

I'm writing to express TMRPA's support for the Truckee Meadows Trails plan. TMRPA has been a longtime participant in this effort to ensure our region is working collaboratively to achieve a connected and well-maintained trail system. TMRPA is currently engaged in a Regional Plan Update that includes a proposed policy to utilize data from the Truckee Meadows Trails Plan and to consider regional trail connectivity for any projects of regional significance and/or master plan amendments processed at the Agency. Thank you for your consideration of the TMT Plan and our collective goal of connecting a world-class trail system here in the Truckee Meadows.

Best regards,  
Jeremy Smith
