7. Presentation regarding the preliminary draft and progress of the Master Plan [For Possible Action] – Mary Ann McCauley; Sue Meuschke (30 min)

Attachment: [Master Plan Revised Objectives and Strategies](#)

Sue Meuske recapped the objectives of the Aging Services masterplan originally established in 2014. The last set of proposed objectives and action plans was completed in February 2025. Sue & Mary Ann McCauley produced 9 objectives & strategies to the Board for the upcoming years.

Objective 1 – Expand volunteer participation at senior centers by 10% annually through expanding recruitment efforts and diversifying opportunities.

MaryAnn stated the data would be tracked fiscally.

Objective 2 – Expand seniors' access to food and nutrition services 10% annually.

Pam Roberts wishes they could shoot for a higher percentage, but after speaking with Abby Badolato in Senior Services about funding, there may be concerns in the next few years which make even 10% unachievable. Patricia Gallimore stated 10% is a good start to generate a baseline. Commissioner Mike Clark claimed other agencies provide better quality food and that Washoe County's food is "dead last". He expressed interest in coming up with a new meal program and requested training from other local agencies. He stated the meals are cold and that the Senior Center facility is at capacity with people coughing next to one another. Mary Ann stated there is currently no plan to increase quality, just the access of food, and that this topic could be added as another objective. Adolfo Correo, who lives in South Reno, asked what percentage of Washoe County Seniors actually go to the Senior Center because they need food. This statistic would help determine whether the needs of Seniors are actually being addressed.

Commissioner Clark and Patricia Gallimore stated there are no meals served by the Washoe County food nutrition program at the Neil Road Recreation Center or south of the 9th Street location. Commissioner Clark expressed interest in another location in South Reno.

Objective 3 – Increase social interaction among seniors by 20% annually.

Mary Ann stated this includes more activities, more volunteers assisting with activities, and transportation.

Objective 4 – Advocate for increasing affordable and accessible housing units for seniors by 300 units annually.

Sue is hoping to create a database to establish a baseline to monitor growth. The goal is not necessarily building units but to assist seniors with finding housing solutions. Adolfo asked how the data could be tracked. Benecia Price asked if they had contacted HUD Housing. Mary Ann stated data could be acquired from the Reno Housing Authority and HUD housing and that there may need to be a separate day to meet and discuss all proposed objectives.

Objective 5 – Advocate for increasing funding at least 10% annually for home and community-based services including workforce expansion.

Cara Paoli stated it is too early to project the future state of government funding, but asked people to help advocate to Senators to lobby for Senior funding. She mentioned the County is already looking at budget strategies, other grants, and freezing positions when they become vacant to assist budgeting. Pam stated this objective may be unrealistic due to the current climate.

Objective 6 – Develop / promote / partner on a variety of educational programs reaching a minimum of 100 seniors, healthcare providers and caregivers annually.

Sue stated the intention was to provide educational programs on technology, fraudulent scams, health care systems, and elder abuse to name a few. Thuy Tran suggested classes held by Northern Nevada Medical Group.

Objective 7 – Increase senior access to transportation services by 10% annually.

Mac Rossi suggested calling RTC for their Flex Ride service.

Objective 8 – Grow all programs and services by 10% annually through focused outreach using all communication channels.

Objective 9 – Expand resources addressing the legal rights and safety of seniors by YE 2028.

Mary Ann made a motion to accept the Masterplan Objectives including any revisions and changes. Seconded by Denise Myer. The motion passed unanimously.

Abby stated they would be able to release the books by April 21st and explained the process of getting the booklets edited, approved, & printed. She stated next year; the board could discuss an earlier vendor deadline to be able to distribute booklets out earlier to the event.
