Please tell us about yourself

Why are you interested in being part of this board, commission, or academy?

I have extensive experience developing and implementing Care Coordination programs in healthcare systems. These programs identify high risk patients (this can be due to chronic or behavioral health illness, social or economic barriers, recent life changing events or a lack of resources). Due to the focus of this work, I sat on a number of Community committees to develop services for seniors, the homeless and behavioral health. I am at the core an advocate. I understand that health is our greatest asset and that social barriers frequently get in the way of achieving our best health. I am retired and looking to donate my time and experience to better our community by finding cost-effective ways to provide necessary services to the senior population.

How do you feel you are qualified to serve on this board? Include any past experience, as well as serving on other board/commissions.

I have been in healthcare for 40 years and have have lived in Northern Nevada most of my life. Please see my resume. I have business experience, consulted with over 60 healthcare systems nationally to develop population health programs, developed a successful Care Coordination program for the Tahoe Forest Health System (that served five counties and two states) and have sat on many Boards and committees to develop resources for vulnerable community members.

Do you currently serve on any boards/committees or volunteer?

☒ Yes ☐ No

If yes, please list the boards/committees or volunteer programs.

I resigned from my community committees when I retired. The only current Board I sit on is as President of the Tiny Ten HOA Board.
