## Request for Issuance of Writ of Execution

## HELPFUL HINTS

- Prior to submitting your Request for Execution, you must contact the Civil Division of the Sheriff or Constable's office serving your Writ of Execution to obtain their service fee.
- You will select a Sheriff/Constable based on the County where the service address of the Employer or Bank or Business is located.
- If garnishment is going to a Place of Employment, try contacting their HR or Payroll department to request what address to use when having an execution/wage garnishment served.
- If garnishment is for a Bank Account, you can serve the garnishment to any local Bank branch address near the Sheriff's Office. You will need the name and address of the Bank (an account number is not required).
- Garnishing a Cash Box or Cash Register can be requested when your judgment is against a business, and you believe they hold cash at the business location.
- If requesting an Execution to attach a Vehicle, it is advisable to contact the appropriate Sheriff/Constable's office regarding additional fees.
