SYSTEM STATUS UPDATE

- **Radio Service Updates**

- Mt Rose multiplexer required repair January 2026. Site was in standalone mode 24 hours. Technicians restored site.
- Chimney Peak- 2 EDACS channels required maintenance. Both units have been repaired.
- Peavine fueled after running on generator. Storms caused grid power outage. Site operating normally

SYSTEM STATUS UPDATE

- **BLM Updates**
 - **Smokey Quartz and 7 Lakes permits with BLM.**
 - Right of way access needed for power design at Smokey Quartz
 - 7 Lakes solar drawings being updated
 - Estimated for construction in 2026
- **Red Peak**
 - CO approved by Washoe BCC and returned to L3Harris
- **Overall Site Readiness 2026**
 - Inventory to be January/February with L3Harris for all equipment in WCRCS warehouse
 - Site readiness is a priority going into Spring of 2026
- **Programming**
 - Multiple programming discrepancies have been found in the Harris base pers. These could induce unwanted behavior under certain edge conditions as we approach cutover
 - Working with L3Harris to identify timeline for correction
