

WASHOE COUNTY TECHNOLOGY SERVICES

1001 E. Ninth St
RENO, NEVADA 89512
(775) 328-2350

DATE: January 5, 2026

TO: 911 Emergency Response Advisory Committee

FROM: James Wood, IT Manager, Washoe County Technology Services
775-858-5979, JAWood@washoecounty.gov

THROUGH: Behzad Zamanian, Chief Information Officer, Washoe County Technology Services

SUBJECT: **REQUEST FOR REIMBURSEMENT FOR WASHOE COUNTY TECHNOLOGY SERVICES – FY26 BODYWORN CAMERA FIBER LINES** [For Possible Action] – A review, discussion and possible action to approve, deny, or otherwise modify a request to reimburse the costs associated with the fiber line connections supporting the body worn camera docking stations for the agency’s body worn camera program, in an amount not to exceed \$32,090.25.

SUMMARY:

At the onset of the body worn camera program, Washoe County Technology Services purchased and installed networking infrastructure equipment and services to support data transfer associated with portable event recording devices as mandated and authorized by NRS 289.830 and NRS 244A.7643. Washoe County Technology Services upgraded or installed network switches, fiber cable, network cable, network drops, electrical outlets, wireless access points, firewalls, and servers at seven different locations including 911 Parr Boulevard (Sheriff’s Office), 1530 E. 6th Street (Sober 24), and Gerlach (Sheriff’s Office Substation). To support the program, there are on-going monthly costs for internet service connections at each of the locations serviced.

Location	per month	# months	per line request
Charter PO#65x2523			
Parr Blvd - Paid	\$1,749	8	\$13,992.00
Parr Blvd - Remaining	\$1,749	4	\$6,996.00
Sober 24 - Paid	\$765	8	\$6,120.00
Sober 24 - Remaining	\$765	4	\$3,060.00
DTS Fiber PO#65x5360			
Gerlach (DTS) - Paid	\$175	7	\$1,223.25
Gerlach (DTS) - Remaining	\$175	4	\$699.00
FY26 Total:			\$32,090.25

PREVIOUS ACTION:

May 15, 2025, the 911 Emergency Response Advisory Committee approved reimbursement to Washoe County Technology Services for costs of networking infrastructure and services not to exceed \$63,425.75, associated with portable event recording devices.

January 18, 2024, the 911 Emergency Response Advisory Committee approved reimbursement to Washoe County Technology Services for costs of networking infrastructure and services not to exceed \$83,190.65, associated with portable event recording devices.

May 18, 2023, the 911 Emergency Response Advisory Committee approved reimbursement to Washoe County Technology Services for costs of networking infrastructure and services not to exceed \$91,152.90, associated with portable event recording devices.

March 31, 2022, the 911 Emergency Response Advisory Committee approved reimbursement to Washoe County Technology Services for costs of networking infrastructure and services not to exceed \$88,159, associated with portable event recording devices.

May 20, 2021, the 911 Emergency Response Advisory Committee approved reimbursement to Washoe County Technology Services for costs of networking infrastructure and services not to exceed \$81,000, associated with portable event recording devices.

RECOMMENDATION:

Staff recommends that the 911 Emergency Response Advisory Committee approved reimbursement to Washoe County Technology Services the costs associated with the fiber line connections supporting the body worn camera docking stations for the agency's body worn camera program, in an amount not to exceed \$32,090.25

POSSIBLE MOTION:

If the Committee agrees with Staff's recommendation, a possible motion would be: "Move to approve reimbursement to Washoe County Technology Services the costs associated with the fiber line connections supporting the body worn camera docking stations for the agency's body worn camera program, in an amount not to exceed \$32,090.25."
